

# Make your inspections smarter with Photobook

Photobook is an affordable and easy-to-use app and web portal designed to streamline inspection processes, allowing you to save time, work smarter and remove repetition.

Suitable for a variety of inspection types, including estates, tenancy visits and voids, Photobook provides a paperless, flexible solution adaptable to the requirements of your organisation and inspection types.

## With Photobook you can:

- Create efficiencies by removing the need to write-up inspections
- Capture photos, make notes and rate areas to support inspections
- Track and manage performance from all inspections using an online dashboard
- Run and download your own queries using our new *Analyse Data* feature.
