

## **Data Analysis and Insight Manager – South West/South Wales**

**Salary package: up to 40,606 plus company car allowance**

**Location: South West/South Wales (Home based)**

**HouseMark** is the social housing sector's leading provider of business intelligence services. We are the largest and UK wide member network for housing organisations, providing access to an unparalleled customer base.

Our strategy is to be the unrivalled source of housing data and insight in the UK housing sector and we are looking for a Data Analysis and Insight Manager to play a fundamental role in helping us deliver our new corporate strategy.

As a Data Analysis and Insight Manager you will use your expert knowledge of the data HouseMark collects, alongside your analytical thinking to present new insights to customers that enable them to gain both knowledge and intelligence of their business as well as the wider sector.

This exciting role will be responsible for supporting a portfolio of members across all elements of the benchmarking data cycle.

You will have recent, significant experience of analytical techniques and translating company financials or key performance indicators for wider audiences as well as excellent customer service. You will be comfortable transforming data into actionable insight, working on your own initiative and writing reports or delivering presentations to a variety of audiences. You will be experienced preferably within a data or consultancy role and ideally you will have experience of the housing sector.

### **The rewards**

Staff benefits include:

- 28 days annual leave
- Social Housing Pension Scheme - defined contribution scheme
- non-contributory accident and sickness cover
- optional private medical insurance

The closing date is 27 January 2019.

Interviews will take place on Wednesday 6 February 2019, in Coventry.

### **How to apply**
